OK, this is a surprise. We all know there are some odd USB hubs out there, some odder than others like the [gold bar](#) and [Rubiks cube](#), but how about this.

This is the Tape Dispenser with 4 USB Ports. I'm not sure there's all that much more I can say, just shake my head in a resigned fashion and give them credit for actually surprising me in a good way.

For the rest of you, it measures 171(L) x 47.6(W) x 87 (H)mm, three of the ports are accessible from up to 180 degrees, there's a 1.2m cable and it weighs - according to the [site](#) - 17KG. Yes, I too am guessing - hoping - there's a missing dot in there somewhere.

It comes in light blue, light grey, red, green, yellow and light grey/apple white. No price.-Martin Lynch
