How we wish there were more such devices to make our lives easier! What are we talking about? Well, we are talking about one such boon from technology – the [USB Hub](#) cum [Mobile Stand](#) cum [Card Reader](#) cum [Mobile Charger](#) from Earth Trek.

Yes really, it is not one, not two, not three, but an impressive four-in-one device! Cool, isn't it? We love the makers from Hong Kong. Living becomes simple with this device that is compatible with cards with the format of T-flash/[Micro SD](#) /[Mini SD](#) /MMC plus /RS-MMC/MMC mobile/MS /MS Pro /MS Duo /MS Pro Duo.

This device makes a back-pack much [lighter](#) in long [journeys](#) and can be a perfect non-fussy cool gadget to help you out with different tasks like charging your mobile as well as holding it! It also looks cool in [black and white](#) colours. Yes, these are the two colours that it is available in. Well, what makes us think is how does it hold the mobile phone???

Well, neither a demo video on this nor any relevant information has been issued by Earth Trek, nor is there any word on pricing!
