Most of us already have dealt with some sort of high end handsets one time or another (or is a proud owner of one), and we know that these handsets tend to do a whole lot more than just receive and make phone calls and text messages. With the Mobile Stand from Earth Trek, you'll be able to access a phone's functionality a whole lot easier with less hassle. This 4-in-1 mobile stand comes with :-

- USB hub function
- Memory card reader (T-flash, microSD, miniSD, MMC plus, RS-MMC, MMC mobile, MS, MS Pro, MS Duo, MS Pro Duo)
- Mobile charger and mobile stand for universal models

There is no word on pricing, but it will come in black or white colors. Bummer.

### Connect My Phone to My Netbook

By Eric Wilhelm

The question this week is how connected do I expect a netbook to be? If I had to pick either

You Dream It. **ASUS** Builds It. **Intel Inside®**
