## Future Watch

### Earth Trek's Leather Mouse and USB Hub

Techtree Test Labs

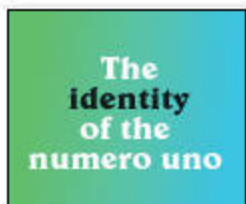

Email Print  
 May 23, 2007

Sick of your plain plastic mouse? Want to add that extra something to your PC? Well, to add some serious style to the peripherals on your laptop/desktop, Earth Trek seems to have come up with something.

Their Leather Mouse and 4 Port USB Hub should make you look like business professional you are. No word on its price and availability.
