Are you one of those people who impulsively buy gadgets from SkyMall and the Sharper Image? Or maybe you just need that perfect device to accompany your Wi-Fi ruler caddy? Look no further. Introducing the Earth Tape Dispenser with 4-Port USB Hub. You can plug in any small USB-powered gadget and also have a tape dispenser at your fingertips. This little beauty comes in three sizes and is compatible with Microsoft Windows 98 to XP (sorry, Vista users), as well as Mac OS 8.6 or higher. With this tape dispenser, you will either one-up every geek in your office or be the subject of many, many jokes.
